Montgomery Ala June 1 1912

Hon. Edmund O. Neal Governor Capital

D. H. Smith

Below I hand you a statement of the pension fund for the first quarter 1911. From this statement you will see that after paying the pension under Act approved April 20 1911 for three quarters there is \$948,252.53 in the fund for the quarter beginning July 1st and ending Sept 30 1912.

In order that they might get their full pay for the third quarter you authorized me on April 24th to issue State Orders under Act approved April 20 1911 to credit the pension fund with \$10,000 in addition to the \$400,000 appropriated under the Code of 1907 Section 193. From the above statement you will see I have complied with same.

You will note from the statement that during the year 1911-12 we paid the pensioners on an average of about \$1,710 per quarter and in 1910-11 we paid them about \$257.17 per quarter. This is why the fund is exhausted. We did this in compliance with the Act passed by the Legislature of 1911. Approved April 20th.

This Act eliminated all fourth class pensioners and advanced them to third class which increased their pay from \$12.00 per quarter to \$15.00 per quarter. This act also raised the property limit from four hundred dollars to two thousand which excluded a great many new pensioners.

I have delayed writing this in order that I might get in all of the pension warrants from the judges of probate of pensioners who have either died or left the State that I might credit this fund with same.

Yours truly
C. H. Smith State Auditor

So it can be seen from the above that the old soldiers have already received more money during the pension year (closing July 1st) without any money on the July quarter than they did last.

The main trouble was brought about when the fourth class was abolished and moved up to the third where they drew more money of course than they did in fourth class.

And then when the property qualifications were moved up for \$2,000 it put many on the pension roll who did not have a pension under the old law.

So in fact the State of Alabama has paid already more money to the pensioners of Alabama than it has in previous years.

ALABAMA SUNDAY SCHOOL ASSOCIATION WORKING HARD

At a called meeting of the State Department Superintendents of the Alabama Sunday School Association last Monday new and original plans were outlined for the year work. The Elementary division Secondary division Adult Division Teacher Training Department Home Department Missions Department and Temperance Department will each undertake a state wide campaign for just and efficiency in their respective lines. Each department will have a state wide map of the state with all plays at conventions on which the degree of organization of each county will be indicated by red blue and yellow lines. The yellow indicating in which individual school in that county has reached the standard of efficiency in that particular department.

Each department has adopted a plan for the year work as follows: Elementary Division 99 Cent. The Roll this year Secondary Division to quadruple the number of organized intermediate and Senior classes. Adult division a total of 1,000 enrolled members. Adult Division before the State Convention Home Department 100 Home Department Teacher Training Department 2,000 Teacher Training Department and 700 graduates. BE SURE TO ATTEND THE BASE BALL MEETING TONIGHT

BASE BALL GAME HERE NEXT WEEK

Troy, Here July 2nd, 3rd, and 4th For Series

We will have three games of ball here next week. Troy comes Tuesday Wednesday and Thursday July 2nd 3rd and 4th.

Troy has been beaten by Dothan this season until Troy people have gotten sore on the subject. We have beaten them on the local diamond and then go back with them and shipped them in their own back yard.

This is more than Troy will stand for. They are digging down in their pockets and getting a team together to win all three games next week. They are getting players from all over Alabama and Georgia. And they are coming down with their own next week to see the job well done. It is expected that several hundred people from Troy will be here to see the games on the fourth.

Dothan has all that she needs this season and just as it is equal to any combination of amateurs that can be gotten together and is good enough for us and that is saying a whole lot for Dothan will have nothing but the best especially in ball teams. We are ready for Troy or anybody else.

Unless the people get behind the team with their money better than they have in doing, these will be the last games in Dothan this season. There will be a meeting to night at eight o'clock in Well Brown office to decide whether or not we will have any more games. Every other town in the state is strengthening their team and getting ready to play ball all the season. It seems a pity for Dothan to drop out. If you want Dothan to stay in the game be at this meeting.

THE SPICE PARTY

Miss Louise Chenderson was hostess to a delightful supper and the party at her home on South Oaks street last evening.

The game of football was played at two o'clock for about an hour after which a delightful supper was served. After the supper the party went to the picture shows. Here they were treated to a delicious basket of punch by the excellent manager Mr. Morris.

Those present were Misses Annie Johnson Anne Maudie Evelyn Fannie Katherine Ethel Thelma Florence Irene Young Ruthie Leannelle and Louise Chenderson.

Control of Wyckoff was in the city last night.

CRITERION

SEVERAL BIG LEAGUE TEAMS ARE TRYING TO GET SOME OF DOOTHAN'S PLAYERS

Everybody in Dothan who has an interest in the Dothan baseball team should attend this meeting to night at eight o'clock in Well Brown office.

We have the best amateur team in Alabama who are winning nearly every game they play. We have won two games the past two days from Troy on the Troy diamond. It must be something to make it the first game the season was tied 3 and 1 until the ninth inning. They scored a two base hit and I scored it up with a home run. In yesterday's game the score was 2 in Troy's favor in the ninth inning. With two on base they row the best in a pitcher and most consistent bats. The word landed on the ball for a home run and the game was Dothan 13 Troy 4. Our own pitcher will pitch today's game so there is no worry about it.

With such a team gotten together at no expense and now playing the thing of ball they are in a pretty tight spot to finish the season. The Macon Albany and Columbus clubs of the South Atlantic League are trying to get several of Dothan's men and a Southern League prospect has his eye on a couple of them. Two Alabama towns want to get the whole team just as it is. This is evidence sufficient to know what kind of a team we have.

Several of the loyal fans want to keep the team this season. We want to stay in Dothan. They like the place. Do not every town of baseball wants to keep the team here.

But it takes money to keep such a team as we have. One or two men today stand responsible for the upkeep of the team. They say that it is more than they can handle. And it is not right for one or two to put up the money for a proposed club which benefits the city and of course pleasure and amusement for all.

If Dothan is to keep its baseball team, we people will have to get it paid. Do you want the team to be here enough to do something to help keep it? Are you willing to put your shoulder to the wheel of it? Is it turning? If the team is to be something, as it is doing, I might will decide the matter is on hand.

SIBLE**
New York Sun

John M. Keegan of Concord, Mass.,
who looks so much like Theodore
Roosevelt that he checks himself ab-
solutely and when he sees his own
reflection in a mirror is fit subject
for a drum head inquiry.

None can have failed during the
past week to have noted a singular
vacillation in the character of Col.
Roosevelt. He exhibited who was at
times firm before he vacillated who
was accustomed to act before he
thought he advanced retired and
side stepped and vacillated whose
progress hitherto had been direct
as the rush of a ball. One moment
he had initiated a convention that
dealt in fraud theft and dishonesty
the next instant a breathless would
knew that he had not really built
it after all but might the next day
if the bolting, looked good.

There can be only one explana-
tion for the unusual dithering.
There were two Roosevelts, at Chi-
cago. All the acts which the Colo-
nel may care to avoid later were the
acts of Colonel Roosevelt. All the
acts which sobered judgment may
find him to all claim were the acts
of John M. Keegan his double. It
was the dithering of Keegan which
ruined the Colonel's reputation for
political exactness.

This theory has not yet. It is tran-
scribed the seal of official approv-
al. But the Colonel in a scene
front him and the Keegan explana-
tion is ready made. And it is more
credible than some others which
Col. Roosevelt has used in times past
when a scapegoat was necessary. We
present it to him. New York Sun

**THE FLAG AND THE
PRESIDENT**

When the President of the United
States goes on board any other ship
his flag is carried at the mainmast
and the ensign flies from the staff astern
when in port and from the mast when
at sea.

When the President left in a ship
of the United States Navy his flag
is raised at the mainmast at the moment
he reaches the deck and kept flying
as long as he is on board. His flag
is dramatically lowered simultane-
ously with the hoisting of the last
gun of the salute. In receiving him
the entire corps of officers in special
full dress assemble on the side of
the quarter deck at which he enters.
He is received in the landway by
the flag officer and captain accom-
panied by such other officers as may
be designated. The yards or rail are
manned the marlines parted and
such of the crew as are not other-
wise employed are formed in order
forward of the masts. As the
Chief Executive reaches the deck
the officers and men salute the man
place guards present arms the drums
give four ruffles and the bugles
sound four flourishes. The ruffles
and flourishes are followed by the
national air during the playing of
which the President and all on board
stand in attentive silence with un-
folded hands. Every United States
ship of war present either at the ar-
rival or at the departure of the Pres-
ident makes the salute and if a na-
tional salute of twenty-one guns
which is likewise salute to the na-
tional flag.

So long as the President flies from
a ship it will become the
sailor ship's most honored and ac-
tively followed accordingly and all other
United States ships of war in meet-
ing her at sea or elsewhere and all
naval batteries which she passes
must fire a national salute.

One of the most imposing features
of an inaugural parade is the dip-
ping of the colors by each regiment
as it passes the President's stand.
Each time the colors are dipped the
President with the Army and Navy
officers and all members of the Dip-
lomatic Corps present must rise and
stand unmoved in acknowledgment
of the courtesy.

The President's flag, is that at the
head of the Army is crossed with
the Admiral's flag in the front room
decorations when there is a White
House reception to the Army and
Navy. These two flags are hoisted
with the Stars and Stripes and those
of all nations when a reception is
given the Diplomatic Corps at the
White House. They are never used
on any other occasion in the de-
corations of the executive mansion ex-
cept at an inaugural ball when they
are placed in front of the box occu-
pied by the presidential party.

DINING FOR HEALTH

Wall Mason in the Chicago News
I have seen a great light an-
nounced the refined man that I
have been reading a book called
"Health and How to Attain It" and
hereafter I am going to eat nothing
but vegetables. They are the nat-
ural food of man and when I re-
flect upon the gross sleep and hump
I have developed in the past forty
years I blush with shame. The only
meal celebrated for centuries is
on vegetables. Consider the horse.
He eats hay and oats and he can
travel all day without a gasp, a
long breath.

That's all very well, I suppose, if
but you put a horse in the ring with
a tiger and the tiger will knock
his block off. Objection this hotel
kitchen. A tiger can run faster
and jump higher than any horse that
ever came down the pike and you
never heard of tigers eating hay or
other vegetables. You take around
and dip up any vegetable animal
and I'll produce a convulsing man
that can knock his horse off and eat
them. You have to be careful when
you spring such arguments. If you
are to determine a man's proper diet
by going to the zoological gardens
and keeping tabs on the animals there
you shouldn't overlook the bon con-
structor and the ant eater. You might
make a few notes on the sloth and
then come to this hotel arguing that
a man should climb around in a
tree top eating leaves.

All this dieting business makes
my heart ache anyway. I haven't

... a word to my friends, who
find that they agree with him be-
cause that does, the constitution
guarantees him the right to eat veg-
etables, but it doesn't give him the
privilege of going around humping
his hump, pretending that he has made
an important discovery. I believe in
every man eating what tastes good
to him and when he has eaten he
should forget it and talk about him-
self that is his business. Let him
eat squash or smoked ham or any
thing he likes but he shouldn't try
to convince the people that their sal-
vation lies in eating squashes or
smoked hams. The worst thing a
body the dietist in the fact that he is
invariably a windy Jim and a crank
and he keeps on talking about the
bill of fare when people are inter-
ested in the latest reports from his
verge.

A long time ago I had some sort
of stomach trouble and a lawyer of
lawbones told me to eat out all meat
and live on oatmeal. So I ate oat-
meal every way you can fix the dog
gone stuff. I ate porridge and oat
meal cakes and oatmeal gruel, and
I smoked oatmeal cigars. Well sir
it did me a wonderfully lot of good.
My old stomach began cutting ice
again so, though nothing had hap-
pened to it. I was just as big a
chump then as you are now and I
jumped to the conclusion that oat-
meal was the hope of the race. I
thought because it soldered up my
digestion that it would cure any
thing from the mumps to blind stag-
gers. I was running a little jaw
to a Jim crew town then and
about a half dozen husky railroad
men were boarding with me. I
punched oatmeal to those fellows
until I made their lives a burden.
I dished up oatmeal in one form or
another at every meal and then hung
around in the dining room and bug-
ged the boys to eat it and he healed
all their ills.

They were good natured and
threw in as much oatmeal as they
could just to keep from hurting my
feelings. Pretty soon it began to
look as though everybody in the ho-
tel had the seven year itch. The boys
were always looking around for
something to rub their backs with
and the misery they suffered was un-
speakable. Finally two or three of
them went to the doctor to see what
was the matter with them and he
asked a few questions and then told
them that the oatmeal they had been
eating was the cause of the trouble.
Well sir, language fills me when
I try to tell what happened when
they got back from the doctor. If
they could have seen that hotel when
they finished their war dance yet I
doubt if they had. The latest South Amer-
ican revolution had been held in it.
They hunted for two days but
I was securely hidden in a hump
now.

Since that experience I have side-
stepped all diets in the diet line and
if you want to do the same thing

Reward In Business

The people have shown their confidence in our store and its progressive policy.

They have substantially rewarded us with their patronage—they have shown their belief in the store that gives a "square deal" to every body.

This store was built on the solid rock of honesty, and has steadily grown until today we are one of the largest factors in "women's wear" in Alabama.

Six seasons ago this store held its first Clearance Sale—each sale since, has made a record—has broken its own record

Our Clearance Sale that is just closing has made a record that will be hard to beat, but with your continued help we'll break it again.

With your help, we promise to have a better and bigger store each season.

CORRECT DRESS FOR WOMEN

THE RIGHT WAY

The remarkable success of the Globe Remedy Company in conducting their new method of advertising is caused by two factors. First the wonderful merit contained in their medicines and second by the fact that this company knows that none else and full feelings will always win its way and surmount all difficulties, and their record here and elsewhere prove it. Globe Remedy is a positive cure for Indigestion, Constipation, Sciatica, Nervousness, and all disorders of the liver and kidneys, stomach and the blood.

To prove this they do not ask you to believe all they say, but they give you free samples every day or sell for a short time only the regular \$1 bottles for 35 cents (three bottles for \$1.00) and give you money back if not as represented. 123 E. Main Street.

IF WOMEN ONLY KNEW

What a Heap of Happiness it Would Bring to Dothan Homes

Hard to do housework with an aching back.
Drains your hours of misery at labor in at work.
If women only knew the cause that Backache pains often come from weak kidneys.
I could save much needless wear Doin's Kidney Pills are for weak kidneys.
Read what a Dothan citizen says: Mrs. William Rhodes, 210 W. Washington St. Dathan Ala. says: Doin's Kidney Pills are as good as advertised. I am glad to write them again as I did in 1908. They are the best remedy I ever used. I was nervous and dizzy and my back ached. I couldn't sleep well and was always tired in the morning. The use of Doin's Kidney Pills obtained from McCallum's Drug Store made me strong and well.
For sale by all druggists. Price 30 cents. Foster-McMillan Co. Buffalo, New York, sole agents for the United States.
Remember the name Doin's and take no other.

Rev. J. B. Cummings formerly the pastor of the Foster Street Methodist church here but now editor of the Christian Advocate was here a while today in interest of his paper.

Mr. H. A. Blount and son, who have returned from a tour of duty in the Philippines, were here today in interest of his paper.

There can be only one best—the Tip Top of excellence. We both aim to get it. You, the clever and successful housewife, want the groceries that give the greatest results in your food—that please your family and visitors.

WE sell only tip top quality in groceries so that we may get your trade—and retain it. Every item we send out is an advertisement of the quality of the others.

If we did not maintain tip top value always, our business would not continue to grow as rapidly as it does. Inspect our extensive stock—or telephone trial order.
